

## UTAH 4-H JUNIOR LIVESTOCK COUNTY TAG NUMBER SEQUENCE 2018

When ordering tags, the following sequences should be used to ensure no duplicate tag numbers at Utah State Junior Livestock Shows. Tags should include your county and be appropriate for the species (i.e. don't buy cattle tags in bulk and then tag all species with them). Keep detailed records as to which numbers are assigned to which livestock exhibitor, species, date tagged, etc.
